

# Do you want to participate?

ADD is ready at any time to talk with you concerning your needs and goals. Members of our caring and professional staff can help you make important decisions that are the best for you. If you are looking for a place to live, we hope you will contact us.

If you are interested in visiting, enrolling or learning more about ADD contact:

Placement Coordinator at 614.486.4361

## Let us introduce ourselves

The Association for the Developmentally Disabled (ADD) has been serving people in Franklin County for more than 35 years. One of our most important jobs is helping you find a home. We want your home to be in a setting where your needs are met and where you can learn to live on your own. We also want to help you be a good citizen in the community and be successful on the job.

## It's all about you!

The community homes run by ADD are designed to help people of all ages who have different disabilities. Our employees will talk with you and ask questions to discover which home is best for you. By asking these different questions, we will know where you are hoping to live and the goals you have for your everyday life.

After we talk with you, we'll also make a home visit to find out how you are doing. All of this information will show us the best ways to help you and which ADD community home is best suited to you.

## You have our commitment

ADD employees are committed to helping you in daily living situations. Everyone at ADD wants to see you living in a caring and clean environment. We also want to see you succeed.

### **You have choices**

At ADD, we believe in choices. That's why we have different homes for you to choose from. We have single-family homes, apartment units, and specially designed wheelchair-accessible facilities. We also offer help through our Supported Living Services.

### **You have our support**

Once you have chosen your community home, there are many services ADD offers to help you in your everyday life. Those who work in our Supported Living Services program will talk with you, your county and support administrator and the ADD staff to create a plan to help you have a more successful life. This plan will ensure that you receive only the services you need and not the ones you don't. These services can include transportation, and personal care needs. ADD staff will work closely with you to plan and achieve life and community living goals.

## Our purpose and values

At ADD, we enjoy working with and helping people with disabilities. We want to provide you with outstanding services that fulfill your needs, desires and dreams. Helping you is important to us, and we believe in values like:

- Independence
- Honesty
- Diversity
- Quality
- Having choices
- Variety
- Being responsible

*In 2005, ADD received an "A" rating in Health and Safety by My Voice/My Choice, Ohio's Provider Report Card.*
